**What this workbook covers 本册讲什么**

Majorities keep society running; **minorities change where it is going**. This booklet walks through Moscovici's (1976) theory of minority influence: why numbers are not the point, what behavioural style means (consistency + flexibility), how conversion gradually shifts majority opinion, the two supporting studies, and the evaluation you need for 8-mark questions.

## How to use this booklet 怎么用

1. **Fill it in as you go** — check the answer key (pp. 19–20) after each page.
2. **Pages 5–6 (the two styles) and 10–11 (the two studies) matter most.** Redo them from memory, under time.

## Content map 内容地图

| Page | Topic | What you must be able to do afterwards |
|---|---|---|
| **p.2–3** | Two directions + definition 定义 | Define minority influence; attach Moscovici (1976) |
| **p.4** | ISI → internalisation 机制 | Trace the chain: information → belief → internalisation |
| **p.5–7** | Consistency & flexibility 风格 | Explain both styles; say why rigidity backfires |
| **p.8** | Conversion 转化 | Describe the gradual shift and its stages |
| **p.9** | Social change 社会变革 | Apply the theory to four real movements |
| **p.10–11** | Two studies 证据 | Moscovici et al. (1969); Nemeth & Brilmayer (1987) |
| **p.12** | Who listens 听众 | Social identity theory and the ingroup |
| **p.13–15** | Evaluation 评价 | Four strengths, four limitations, each with a reason |
| **p.16–17** | Exam skills 考试技巧 | 2-mark and 8-mark structures; cloze model answer |
| **p.18** | Practice 演练 | Plan and write the recycling 8-marker |
| **p.19–20** | Answer key 答案速查 | Mark honestly, then re-write wrong answers in full |

## Revision tracker 复习打卡

☐ p.3 definition ☐ p.4 ISI→internalisation ☐ p.5–6 two styles ☐ p.8 conversion ☐ p.10–11 studies ☐ p.13–15 evaluation ☐ p.16–18 exam

**The whole theory in one sentence 一句话总结**

Because minorities have **no power in numbers**, their influence comes from their **behavioural style** — consistent conviction, supported by flexibility — which works through **informational social influence**, ends in **internalisation**, and produces social change through the slow process of **conversion**.

## 1 · Two directions of influence

### The puzzle 引入

One classmate starts carrying a reusable bottle and picking up litter. Weeks of nothing — then a second person joins, then a third. A term later, half the class does it. Nobody was ordered to change.

**Fill the gap 填空**

Majority influence keeps **social o** _____ running; minority influence is how social **c** _____ occurs.

### Sort the examples 分类

| Example | Majority or minority influence? |
|---|---|
| A student laughs at the teacher's joke because everyone else does | |
| Two campaigners keep raising recycling at every assembly for a year | |
| You start queueing because everyone in the crowd queues | |
| Civil-rights activists challenge segregation until laws change | |

**中文理解 两个箭头**

多数 → 个人：把你「压」进来，维持秩序（Asch）。
少数 → 多数：几个人把整个群体「拉」过去，产生变化（本章）。
考试先答**方向**，再答**机制**（人多 vs 行为风格）。

### Key term 关键术语

**Minority influence（少数派影响）**

A form of social influence where people reject the established n _____ of the majority and move towards the behaviour and o _____ of a minority group.

### Unpack the definition 拆定义

| Part | Meaning |
|---|---|
| **reject the established norms** | The majority's current way of thinking is treated as "normal" — the minority steps _____ from it |
| **move towards the minority** | Members of the majority actually _____ — their behaviour and opinions shift |

### The name to attach 名字

**S** _____ M _____ (_____) argued that minorities do not have power in numbers, so their influence is explained by their **behavioural s** _____ — successful minorities show consistent c _____ in their views.

**中文理解 名字要挂对**

写「Explain minority influence」第一句就点名：*Moscovici (1976) argued that…*

核心逻辑一句：**没有「人多」这个武器 → 只能靠「行为风格」→ 尤其是始终坚持（consistency）。**

## 3 · The engine room: ISI → internalisation

### The chain 链条

Minority influence travels through **i** _____ social influence: the minority provides a viewpoint or argument the majority comes to take seriously. Because people accept the information as true, the result is **internalisation** — the d _____ form of conformity.

### Compare the endpoints 对比

| | Compliance | Internalisation |
|---|---|---|
| **Public behaviour** | Go along | _____ |
| **Private belief** | Disagree | _____ |
| **Depth** | Shallow | _____ |
| **Typical source** | NSI (majority pressure) | _____ |

### Quick check 快问快答

*Why does minority influence end in internalisation rather than mere compliance?*

---

---

**中文理解 三个词一条链**
少数派改变你靠的不是吓你（NSI），而是**说服你**（ISI）。你一旦觉得「有道理」，观点就住进脑子 = **internalisation**：人不在场你也照样这么认为。
连起来记：**少数派 → ISI → internalisation**。

## 4 · Style 1: Consistency

### Key term 关键术语

**Consistency（一致性）**

The minority keeps saying and doing the s _____ thing — the same viewpoint, maintained over t _____, by all members of the minority.

### Two mechanisms 两个机制

| Mechanism | What happens in people's heads |
|---|---|
| **It signals certainty** | Same message in week one and week fifty → *they must really b _____ this* |
| **It creates doubt** | A consistent challenge makes the majority's own position look sh _____ by comparison |

### The examinable sentence 必背句

Social change "*could not have occurred without a c _____ viewpoint being established and m _____, and minority individuals being d _____ to their cause.*"

**中文理解 重复本身就是说服力**

第一次听「要回收」觉得多事；第一百次听到同样的话就开始想「是不是真有问题」。

consistency 的本质：**把「一个奇怪的想法」重复成「一个值得认真对待的想法」。**dedication（坚持投入）常与它一起考。

## 5 · Style 2: Flexibility

### Key term 关键术语

**Flexibility（灵活性）**

Minorities are rarely effective unless they show f _____ in their viewpoint and are not r _____ in their beliefs.

### Two styles, two fates 对比表

| Minority style | How the majority sees them | Result |
|---|---|---|
| **Rigid & uncompromising** | Perceived as e _____ | Less likely to be b _____ |
| **Flexible & accepting** | Less extreme and more r _____ | Viewpoint more likely to be considered; doubt cast over majority beliefs |

### Hold both at once 双招并用

Consistent about the c _____ aim, flexible about how to get there — never moving the d _____, but willing to negotiate the road.

**中文理解 像谈判，不像呐喊**

死硬派：「必须养猫！不养绝食！」→ 被当偏激。
灵活派：「先寄养两周试一试，费用我出。」→ 目标没变，姿态有弹性，父母开始认真考虑。
秘诀：**终点坚定，路线灵活。**

## 6 · Style sorter: which minority wins?

### Read each case, judge the style 判断练习

| Case | Consistent? | Flexible? |
|---|---|---|
| Two students raise the same recycling arguments at every assembly, all year, and accept a trial of smaller portions | | |
| A campaigner shouts the same slogan for a decade but refuses to discuss any practical step | | |
| A group changes its message every month to match whatever is popular | | |
| A minority keeps its goal fixed but negotiates the timetable for change | | |

### Verdict 判决理由

Which of the four cases is **most** likely to shift the majority, and why?

---

---

**One-line summary 一句话**

Consistency earns the **hearing**; flexibility earns the **acceptance**. A minority needs both — one without the other fails in a different way.

## 7 · Conversion: the slow slide

### Key term 关键术语

**Conversion（转化）**

The process where individuals in the majority group g _____ come to a _____ the minority viewpoint.

### Order the stages 排序

Number these stages 1–4 in the order a typical majority member moves through them:

| | |
|---|---|
| ___ | "maybe they're right" |
| ___ | "odd idea" — dismissed |
| ___ | accepted — internalised |
| ___ | "worth a thought" |

### Why the endpoint matters 终点

When the two lines meet, the **belief itself has moved** — so the change s _____ even when the original campaigners are long gone.

**中文理解 温水式的改变**

conversion 的关键词是 **gradual（渐进）**。类比烧水：不是点火就开，而是一格一格升温，某刻突然沸腾——社会变化看似「突然」，其实是 minorities 一直在加热。

### Four movements 四场运动

| Movement | Started as… | The style on display |
|---|---|---|
| **Feminism** | A small group arguing for rights the majority considered settled | Consistent message for decades; flexible tactics |
| **Civil rights** | Activists rejecting segregation | D _____ sustained through years of resistance |
| **Right to education** | Campaigns for universal schooling | Information repeated until the majority i _____ the principle |
| **Environmental change** | A few scientists and campaigners | Credibility (science) + prominent figures like G _____ |

### Apply it 应用

*Choose one movement and explain, in two sentences, how it shows both consistency and flexibility.*

---

**中文理解 答题公式**

四个现成例子：**feminism**、**civil rights**、**right to education**、**environmental change**。

一句话覆盖两个考点："*This change could not have occurred without a consistent viewpoint being established and maintained.*"

## 9 · Evidence 1: Moscovici et al. (1969)

### The study in brief 研究概况

A s _____ of experiments investigating minority influence on a colour p _____ judgement task. Participants in a majority were swayed by incorrect judgements made by a m _____ in the group.

### Findings + design logic 设计逻辑

| Design choice | Why it matters |
|---|---|
| **Colour judgement task** | Clear right answer — any shift cannot be explained by un _____ about the task |
| **Minority gives wrong answers** | Influence is measured d _____: agreeing with known-wrong answers = moved |
| **Consistency manipulated** | A minority repeating the same wrong answer influences m _____ than one that does not |

### Headline 结论句

Minorities can exert some influence over majority opinion, **particularly if the minority were c** _____ in their viewpoint.

**中文理解 这个实验在证明什么**
颜色判断本无争议——多数人若跟着给出**明显错误**的答案，唯一解释就是被影响了；而「坚持重复同一答案」的少数派影响最大 = **consistency 的直接证据**。

## 10 · Evidence 2: Nemeth & Brilmayer (1987)

### The numbers 数字填空

A m _____ jury study. _____ male students decided how much c _____ to award a victim of a ski accident caused by the negligence of a ski company.

### What varied, what was found 自变量与结果

| Question | Answer |
|---|---|
| **What varied?** | A consistent, u _____ offer versus a n _____ offer |
| **Finding** | The negotiated offer was m _____ effective than the rigid one |
| **What it supports** | Minority f _____ is an important factor in social influence |

### Keep the pair straight 配对

| Claim | Evidence study |
|---|---|
| Consistency works | |
| Flexibility works (better than rigidity) | |

**中文理解 两个实验各管一半**

Moscovici (1969)：颜色任务 → **consistency**；Nemeth & Brilmayer (1987)：模拟陪审团 → **flexibility**。evaluation 两个 named study 别张冠李戴。

## 11 · Who listens to a minority?

### The audience matters 听众

Minority influence can be affected by individual d _____ and c _____ — some people and cultures are more or less likely to be swayed.

### Key term 关键术语

**Social identity theory & the ingroup（社会认同理论与内群体）**

We are more likely to identify with a minority if they form part of our i _____ — the group we feel we b _____ to.

### Quick apply 快速应用

*The same environmental campaign is presented by (a) students from your own school and (b) strangers from another city. Which audience is more likely to accept it, and which theory explains why?*

---

---

**中文理解 自己人说的才算**

**ingroup（内群体）＝「我们这一边的」。**少数派让你觉得「他和我们是一伙的」，说服就成功一半。
这一条是 1.1.6 与 1.1.7 之间的桥：少数派说什么只是一半，听众是谁、在什么情境、来自什么文化是另一半。

### Four strengths, with reasons 四条优势

| Strength | Reason (fill the gaps) |
|---|---|
| **1. Experimental support for consistency** | Moscovici et al. (1969): minorities swayed a majority's colour judgements, particularly when c _____ |
| **2. Experimental support for flexibility** | Nemeth & Brilmayer (1987): the n _____ offer beat the uncompromising one |
| **3. Explains real social change** | Feminism, civil rights, education, environment — all began with a minority viewpoint and required c _____ + d _____ |
| **4. Fits the deeper channel** | Works through ISI → i _____, so converted majorities keep the belief in private |

### AO3 discipline 答题纪律

Write the **pairing** correctly every time: consistency ↔ _____; flexibility ↔ _____.

> **中文理解 四条优势一条线**
> 两个实验各证一半 → 理论解释真实历史 → 结果层面说得通（内化 = 改变持久）。
> AO3 别只写形容词，每条优势都要带 **named study + reason**。

## 13 · Evaluation: limitations

### Four limitations 四条限制

| Limitation | Reason (fill the gaps) |
|---|---|
| **1. Narrow, artificial evidence** | Colour slides and mock juries cannot capture d _____ of real campaigning |
| **2. Influence depends on the audience** | Individual differences, c _____ and ingroup identification all m _____ the effect |
| **3. The two styles pull against each other** | Uncompromising consistency was l _____ effective (Nemeth & Brilmayer); bending too far loses the c _____ that earned attention |
| **4. Conversion is slow — hard to study** | Experiments compress consistency into one s _____; they cannot compress d _____ |

### Turn one limitation into AO3 prose 写成段落

Choose limitation 1 and write it as two full sentences beginning "*One limitation is that…*":

**中文理解 三条限制一条逻辑**

① 实验太人工 → 不敢推广到几十年真实运动；② 效果看听众 → 换个观众就失灵；③ 太硬被当偏激、太软丢一致性。

加上「过程太慢难研究」，四条正好一组 AO3。

### AO1 skeleton cloze 主干填空

Minority influence (Moscovici, _____) is a form of social influence in which people reject the established norms of the m _____ and move towards the behaviour and opinions of a m _____ group. Since minorities lack power in n _____, their influence comes from their behavioural style: consistent c _____ supported by f _____. It operates through informational social influence and results in i _____. Change is rarely quick: through c _____, the majority gradually comes to accept the minority viewpoint.

### AO3 skeleton cloze 评价填空

Supported by Moscovici et al. (_____) for consistency and Nemeth and B _____ (_____) for flexibility. However, the evidence comes from a _____ tasks, and influence also depends on the a _____ — individual differences, culture and ingroup i _____ all moderate the effect.

### Self-check 自查

☐ Named Moscovici with the year ☐ Both styles explained ☐ ISI + internalisation named ☐ Both studies in AO3 ☐ At least one limitation

## 15 · Exam focus: command words

### Two commands, two jobs 指令词

| Command | What you must do | Structure that earns the marks |
|---|---|---|
| **Explain… (2–4)** | Describe the theory (AO1) | Definition → Moscovici (1976) → behavioural style → ISI → internalisation |
| **Discuss… (8)** | Explain **and** evaluate (AO1 4 + AO3 4) | AO1 chain + conversion; AO3 = two studies + limits |

### Quick drills 小练

1. State the definition of minority influence in one sentence.

2. Name the study that supports flexibility, with its sample size.

3. Give the two styles a successful minority needs, with one word of explanation each.

**The most examinable sentence 最常考的一句**

Social change "*could not have occurred without a consistent viewpoint being established and maintained, and minority individuals being dedicated to their cause.*" — definition + process + required style, all in one line.

## 16 · Timed practice plan

### The question 题目

*A small group of students campaigns to reduce food waste in their school. Most ignore them at first, but the group keeps raising the same arguments at every assembly and negotiates practical steps like smaller portions. Within a year, most students believe reducing waste matters. Discuss minority influence, using the campaign as an example. (8 marks)*

### Plan first, in three minutes 列提纲

| Slot | Your points (bullet notes only) |
|---|---|
| **AO1 · theory** | |
| **AO1 · applied** | |
| **AO3 · study 1** | |
| **AO3 · study 2** | |
| **AO3 · limit** | |

### Timing check 时间分配

8 marks ≈ 10–12 minutes: 2 min plan · 5–6 min write · 2 min check that every AO3 point names a study or a mechanism. A generic essay scores 0 — every sentence should touch the recycling campaign.

## 17 · Write it out

### Your answer 你的答案

Write the full 8-mark answer here. AO1 first (theory applied to the campaign), then AO3 (two studies + one limitation, all tied to the campaign).

### p.2–3 定义与方向

- p.2: social **order**; social **change**. Sorter: majority / minority / majority / minority.
- p.3: **n**orms; **o**pinions; steps *away* from it; **shift**; **Serge Moscovici (1976)**; behavioural **style**; consistent **conviction**.

### p.4 机制

- **i**nformational; **d**eep. Table: go along / accept publicly; disagree / accept privately; shallow / deep; internalisation comes from ISI.
- Quick check: people accept the minority's information as true, so the belief is held publicly and privately — that is internalisation, not compliance.

### p.5–6 两种风格

- p.5: **s**ame; over **t**ime; really **b**elieve; shakier; **c**onsistent / **m**aintained / **d**edicated.
- p.6: **f**lexibility; **r**igid; extreme; believed; reasonable.

### p.7 风格判断

- Case 1 consistent + flexible (winner); Case 2 consistent, not flexible; Case 3 neither — no consistency at all; Case 4 consistent + flexible (winner). Most likely to win: cases 1 and 4 — consistent on the goal, flexible on the route.

### p.8–9 转化与社会变革

- p.8: **g**radually; **a**ccept. Order: 3, 1, 4, 2. Endpoint: change **sticks**.
- p.9: civil rights = **d**edication; right to education = **i**nternalised; environment = **G**reta Thunberg.

## p.10–12 研究与听众

- p.10: **s**eries; **p**erception; **m**inority; uncertainty; directly; more; **c**onsistent.
- p.11: **m**ock; **72**; **c**ompensation; uncompromising; negotiated; more; **f**lexibility. Pairing: consistency ↔ Moscovici et al. (1969); flexibility ↔ Nemeth & Brilmayer (1987).
- p.12: **d**ifferences; **c**ulture; **i**ngroup; **b**elong. Audience (a) — social identity theory: your own students are the ingroup.

## p.13–15 评价与骨架

- p.13: consistent; negotiated; consistency + dedication; internalisation.
- p.14: decades; culture, moderate; less, consistency; session, decades.
- p.15 AO1: 1976; majority; minority; numbers; conviction; flexibility; internalisation; conversion. AO3: 1969; Brilmayer; 1987; artificial; audience; identification.

## Brain dump 最终默写

Close the booklet. From memory, write: the definition (1 line) · the two styles with one study each (2 lines) · the ISI → internalisation → conversion chain (1 line). If any line is blank, revisit that page today.
